Manufacturing, Research & Development

In today’s competitive coatings environment, the chemists at McCormick Paints never stop researching and developing new and improved paints. We improved the durability of our Generation\textsuperscript{XR} interior paint by adding microscopic ceramic beads, and we include antimicrobial ingredients to inhibit mold and bacteria growth. All the while, our products are tested and benchmarked against national brands. We do all of this with you in mind—to ensure your satisfaction with the McCormick Paints family of paints for years to come.

Our two manufacturing plants in Rockville and Frederick, Maryland, take pride in producing world class paints that are designed to meet your toughest painting challenges.

Thousands of customers in the Mid-Atlantic region rely on McCormick Paints consistent quality and service, delivering our paint and sundry supplies direct to their doorstep and to our own Company stores. Unlike larger, volume driven chains, our self-sufficiency in manufacturing, distributing, and retailing our complete line of paint and paint supplies means that we provide end to end process control. Customers experience unforgettable service from our friendly, full-time, professional staff.

Local Feel. National Presence.

Through our international associations we are competitive with national brands in procuring raw materials, expanded research and development, and providing an extensive array of color marketing tools.
In The Marketplace

From residential and commercial painting contractors, to architects, property managers, builders, industrial customers and homeowners, McCormick Paints’ products have mass appeal and utility. Each market segment has unique requirements and McCormick has created special resources to effectively service these customers.

McCormick Color

Choosing a paint color is your opportunity to express yourself and your style, to set a tone or mood for a room. We know that selecting the right paint colors can be difficult. That’s why McCormick Paints is committed to color research, understanding color trends, and offering an extensive array of colors to help make your color selection process go smoothly. Let our color matching experts tint your McCormick paint order to match any of the 1320 shades in our Color Is system or we can match any custom color for you, from any source, in any of our stores.

  Custom production poised for any project

- **Delivery Programs**
  McCormick service is second-to-none
McCormick Paints and The Environment

As a regional paint manufacturer, McCormick Paints distributes products within a 500 mile radius of our two manufacturing plants. McCormick has taken a leadership role in green manufacturing and distribution by reducing energy use, emissions, and fuel consumption in the delivery of product to the marketplace.

Green is More Than a Color... It’s How We Operate
In order to be an exemplary steward of the environment, McCormick Paints has set a course in responsible manufacturing, waste elimination, and product development. In creating a zero-waste facility, McCormick reuses all waste water used in production. Coupled with our comprehensive air filtration system, recycling efforts for cardboard, paper, plastic, aluminum, and other raw materials, the McCormick Paints Team takes pride in our determined effort to protect our environment as a paint manufacturer. At McCormick Paints, Green is more than a color—it is a way of life.

Respect | Reclaim | Recycle

Our modern manufacturing process employs state-of-the-art filtration systems to protect air and water quality and both are tested regularly to ensure safe standards are met at every level of production.
**Interior Finishes**

**Generation XR**
- GREEN WISE Certified
- Lifetime Warranty
- Exceptional Stain Removal
- Antimicrobial

**Match Point Flat**
- GREEN WISE Certified
- Superior Touch-Up
- Quick Dry For Re-Coating
- Excellent Hiding

**Revo Premium Paint & Primer**
- GREEN WISE Certified
- Paint + Primer in One
- Excellent Flow & Leveling
- Extreme Hide
- Manufactured Zero VOC

**Renew XC**
- GREEN WISE Certified
- Excellent Hide & Coverage
- Commercial Quality
- Low Odor

**Advantage Professional Coatings**
- GREEN WISE Certified
- Excellent Flow and Leveling
- Hides Imperfections
- Excellent Touch-Up

**Premium White Enamel**
- One Coat Hiding
- Excellent Washability
- Non-Yellowing
- Soil Resistant

**Tempo**
- Excellent Durability
- Resistant To Household Stains
- One-Coat Hiding

**Ceiling White**
- Excellent Hiding
- Superior Light Reflectance
- Matte Finish
- Low Odor

**Interior Primers**

**1st Step Quick Drying Stain Sealer**
- Seals Smoke Damaged Substrates
- Vapor Barrier
- Seals Interior Glossy Paint
- Superior Adhesion

**1st Step Vinyl Primer Sealer**
- GREEN WISE Certified
- Manufactured Zero VOC
- Good Adhesion and Enamel Holdout
- High Build

**1st Step Acrylic Odorless Primer**
- Odorless Formula
- Covers Water Stains, Smoke, Ink, Crayons
- Recoat In 2 Hours

**1st Step High Build Primer**
- High Hiding
- Easy to Sand
- GREEN WISE Certified
- Quick Drying

**1st Step Undercoater Primer Sealer**
- Premium Quality
- Good Leveling Qualities
- Low Odor
- VOC Compliant
Exterior Finishes

**Generation LX**
- Lifetime Warranty
- Algae/Mildew Resistant
- Tannin Stain Resistant
- One Coat Hide

**State House Exterior**
- Self-Priming
- Alkali and Mildew Resistant
- 100% Acrylic
- Resists Chalking/Blistering

Exterior Primers

**State House Acrylic Primer**
- Blister and Peel Resistant
- Excellent Adhesion
- Provides Uniform Surface
- Mildew Resistant

**1st Step Rust Inhibitive Alkyd Primer**
- Corrosion Resistant
- Flash Rust Resistant
- VOC Compliant
- Quick Dry

**Acrylok Masonry Primer**
- Alkali and Efflorescence Resistant
- Excellent Penetration
- Quick Dry

**1st Step Surface Conditioner**
- Excellent Penetration
- Alkali Resistance
- Quick Dry
- Excellent Adhesion

**Latex Block Filler**
- Excellent Filling Properties
- Good Enamel Holdout
- Alkali Resistant
- Applied Easily by Brush, Roller, or Spray

Interior/Exterior Primers

**uniX Stain Blocker Primer**
- Water Based
- Easy Brushing Qualities
- Low VOC
- Rust Inhibitive

**Underlok Multi-Purpose Primer**
- Water-Based
- Excellent Sealing and Hiding
- Stain Blocking
- Super Adhesion

**Cote-All Corrosion Resistant Enamel**
- Gloss Finish
- Oil Resistant
- Non-Chalking
- High Hiding

**Interlok Direct to Metal**
- GREEN WISE Certified
- Ideal For Alkyd To Acrylic Conversion
- Alkyd-Like Flow and Leveling
- Alkali Resistant

**2414**
### Interior Specialty Products

**Pre-Catalyzed Acrylic Epoxy**
- Stain Removal
- Excellent Adhesion
- Chemical Resistant
- Low Odor, Low VOC

**Waterborne Dryfall**
- Reduces Clean Up Costs
- Requires Minimal Surface Preparation
- High Light Reflectance
- Low Odor

**Interior Wood Care**
- Interior Alkyd Wood Stain
- McPolythane (Polyurethane Satin & Gloss)
- Quick Dry Sanding Sealer

### Exterior Specialty Products

**Permalok Elastomeric Coating**
- Resistant to Dirt Pick Up
- Blister Resistant
- UV Resistant
- Mildew/Algae Resistant

**Acrytex Masonry Coating**
- Breathable
- Excellent Stain Resistance
- Superior Adhesion
- Resists Damage From Freeze-Thaw Cycles

**Traffic Paint**
- Low VOC
- Abrasion Resistant
- High Visibility
- Water Clean-Up

**Athletic Field Marking Paint**
- Quick Dry For Re-Coating
- Good Hiding
- Fade Resistant

**Coatings Research Group, Inc. (CRGI)** to meet certain environmentally responsible standards.
Professionals depend on their name just as much as we do. Since 1960, we have grown to respect that being a professional painter is as much about developing a reputation as it is about having a livelihood. The McCormick Paints name is known for being “The Paint the Pros Use” because for over 50 years, the quality and performance of our products has earned the respect of the painting trade as being a reliable and trusted partner in their business.

Thomas McCormick founded the company in 1960 and established a legacy that would be carried forth by his family and remain a symbol of independent tradition over a half century later.

HEADQUARTERED IN ROCKVILLE, MD, MCCORMICK PAINTS OPERATES COMPANY OWNED STORES SERVING THE MID-ATLANTIC REGION IN ALL SEGMENTS OF ARCHITECTURAL COATINGS AND SUPPLIES.
